**NATIONAL SUMMER CAMPS  
PROGRAMME 2020**

**COVID-19 PROTOCOLS  
AND GUIDELINES**

## COVID-19 PROTOCOLS

This pamphlet has been prepared to provide you with COVID-19 protocols and guidelines to be followed during the National Summer Camps Programme 2020. You should familiarise yourself with these guidelines and encourage your child(ren)/Ward(s) to strictly observe and adhere to these given guidelines and instructions so as to maintain a safe and healthy environment for all camp staff and campers.

### **CAMPERS WHO ARE SICK SHOULD REMAIN AT HOME!**

Any camper who have had close contact to a person diagnosed with COVID-19 should stay at home and self-monitor for symptoms. The guidance of the Ministry of Health and Wellness should be followed if symptoms develop.

## **GUIDELINES TO BE FOLLOWED BY ALL PERSONS ATTENDING CAMP**

- Upon entering the facility, all persons' hands must be washed or sanitized.
- The recording of temperatures of all camp personnel and campers will be taken. Any person with a temperature over 100.3 degrees F or 38.0 degrees C shall not be permitted to enter the camp site.
- All campers in the facility **MUST** wear face masks.
- An isolation area will be designated for campers who are ill.
- Parents/Guardians of sick campers will be called and asked to collect their child(ren)/ward(s) as immediately.
- Campers absent from camp due to suspected COVID-19 symptoms, **SHALL NOT** be allowed to return without a Medical Certificate signed by a Medical Officer of Health.

- Campers should at all times cover their mouths and noses when coughing or sneezing and dispose of any tissue used. Hands should then be washed with soap and water for at least 20 seconds.
- Campers should immediately dispose of used sanitary items such as tissues, face masks, gloves, and so on in a covered garbage receptacle.
- Ensure your child(ren)/Ward(s) have adequate supplies of hand sanitizer and tissues, to support the Ministry's healthy hygiene practices for both staff and campers.
- A register will be kept of all campers at the facility. This will include their names, addresses and phone numbers of parents/guardians.
- Parents/Campers must ensure that correct and working contact numbers are provided in case of any emergency.

These guidelines are subject to change, as more information on the virus becomes known.

### Protect yourself and others from getting sick

#### Wash your hands

- after coughing or sneezing
- when caring for the sick
- before, during and after you prepare food
- before eating
- after toilet use
- when hands are visibly dirty
- after handling animals or animal waste
